

WHAT SHOULD I DO IF I NEED TO PAUSE MY MEMBERSHIP?

We do not pause memberships which usually means we cannot pause class enrollments and hold a spot in class. To not pay a month tuition, members must drop their enrollment by providing notice any time the month before, by email, before tuition is charged for the month the member wants to drop. The class spot will be released to other students and members risk losing the class spot and may need to join the waitlist. The other option is stay enrolled in their class and collect make-up tokens which can be used at open gym with a 60 day expiration.
